WRITING SPRINTS

For Writers

Turn to a clean sheet of paper in your Writer's Notebook and write #1 on the top line.

Choose one topic from your quicklist you want to write more about and write the topic next to #1.

When I say start, begin writing as much as you can about your chosen topic. We will write for 3 minutes.

When I say stop, write an ellipse (...) to note where your writing ended.

Leave a few lines and repeat steps 1-4 for two more topics.

Save your writing in your Writer's Notebook to return to later.
